Duality In my opinion, Naruto Shippüden is wonderful as it has some similarities to the Dark Souls, but without the evil that brings upon the player. Naruto Uzumaki is a hero with a colorful and dynamic world, but he is still no good if he is alone. You need to play with allies, and that is what makes it different from all the others. The conditions are very similar to those of Dark Souls, which were released just a few years before Naruto Shippüden: Ultimate Ninja Storm Revolution.
